Cartridge filtration technology that adds economic value and recovers valuable dust.

- Efficient, compact design for applications involving silos, storage bins, or conveyor transfer points
- Available as plenum-mounted and insertable cabinets to keep the profile low
- Units are easily installed on bins or silos, eliminating ductwork and reducing installation expenses
- Standard Ultra-Web® cartridge filters, with nanofiber technology, provide higher filtration efficiency and longer filter life
- MERV* 15 filtration efficiency per ASHRAE 52.2-2007
- Choice of filter cartridges provide high filtration efficiency for a wide variety of applications

Designed for easy filter service and maintenance—no tools required.

- Easy filter removal and replacement from clean air side makes it unnecessary to enter the silo or storage container
- Continuous-duty, on-demand pulse cleaning provides uninterrupted service and keeps filters clean for a long time

* The Minimum Efficiency Reporting Value (MERV) of this filter cartridge has been determined through independent laboratory testing using ASHRAE 52.2 (2007) test standards. The MERV rating was determined at a face velocity of 118 feet (36.0 meters) per minute and loading up to four inches (101.6 millimeters) water gauge. Actual efficiency of any filter cartridge will vary according to the specific application parameters. Dust concentration, airflow, particle characteristics, and pulse cleaning methods all affect filtration efficiency.
Significantly improve the performance of your collector with genuine Donaldson Torit replacement filters and parts. Call Donaldson Torit today 800-365-1331.
